

SJHS Google Classroom Training and Support for Parents/Guardians

The following links are short Youtube videos that give a short tutorial on different parts of Google Classroom. These are intended to help parents/guardians become more familiar with Classroom so that they can support their child at home. Classroom will be the homebase for all information pertaining to an SJHS course.

Students will access their Classrooms by using their school Google (email) account and logging in and then going to www.classroom.google.com. **OR** Parents and students may download the Classroom app onto a smartphone and access by logging in that way. This is a great way for parents to access Google Classrooms for multiple children because the app allows parents to toggle in between accounts.
